

Peace Through War

Whiskey Rebels

Campaigns, bloodstains
Give me a knife I'll carve out your brain
Hard times, land mines
Blowing up, blowing off war crimes
Middle east the streets
Is it the battle that you crave or the taste of victory?
Defeat repeat
Beyond recognition, beef beyond belief

Peace Through War
This is worth fighting for
Peace Through War
This is worth dying for
Peace Through War
Keep it hardcore
Peace Through War

Razorblades, serenades
Pull the pin I'll go off like a hand grenade
Power Plays, end days
Worry about yours, I ain't got the time
Respect, not yet
Its time to come correct
More angst? No thanks
Consumed by hatred, won't be shooting blanks
beef beyond belief

Peace Through War
This is worth fighting for
Peace Through War
This is worth dying for
Peace Through War
Keep it hardcore
Peace Through War

Shut up or get cut up
If I die its a sweet relief
