## **Streets Gave You To Me**

Whiskey Rebels

I got love and bitterness tattooed on my wrist All I ever wanted was happiness Clench my fingers and ball my fists Throw my 40 down, I'm pissed! I need and injection of love, baby, just a taste Before I die from a case of hate

Streets gave you to me All bets off, you're all that I can see I don't give a fuck So tell me, tell me, tell me you're the one now Streets gave you to me All bets off, you're all that I can see I don't give a fuck So tell me, tell me, tell me you're the one now

## GO!

2 summers pass, it was rough but we last Maybe I found happiness that lasts Put a ring on your finger that night Streets gave something back cuz I gave them my life! Found redemption before it was too late When I met you I knew that it was fate Oh Yeah!

Streets gave you to me
All bets off, you're all that I can see
I don't give a fuck
So tell me, tell me, tell me you're the one now
Streets gave you to me
All bets off, you're all that I can see
I don't give a fuck
So tell me, tell me, tell me you're the one now
For Me!
FOR ME!!!

Tell me you're the one Tell me you're the one for me! Tell me you're the one Tell me you're the one for me! Tell me you're the one Tell me you're the one for me! Tell me you're the one TELL ME YOU'RE THE ONE FOR ME!!!
