

## 10 Seconds

Whiskeytown

you know it's just 10 seconds til the end of the world  
where's my girl?  
you know i thought i saw a star shooting out of the sky  
must've been mine.  
and all the debris around my feet  
on your street  
and it's just 10 seconds til the end  
where do i begin?  
it's not that easy  
no it's not that easy (3x)
