

Macon, Georgia County Line

Whiskeytown

Oh where, oh where were you last night?
Looked for you at the county fair
You were nowhere
You were nowhere
And I looked for you on the macon, georgia county line
And sheriffs badges flashed behind

Oh where, oh where were you last night?
Looked for you at the county fair
You were nowhere
You were nowhere
And I looked for you on the macon, georgia county line
And sheriffs badges flashed behind

Oh where, oh where were you, my dear
Looked for you almost everywhere
But you were nowhere
You were nowhere
And I looked for you on the macon, georgia county line
And sheriffs badges flashed behind
