

Distant Relative Salute

White Denim

Am I great walling? Am I gonna fall?
Are you so knowing that you know it all?
See my distant relative salute
They say it's easier to wheel if you never tell the truth

What you could notice
You wouldn't have to wait for today
May not be coming back so you won't have to wait at all
And I'll do the same

I've had quite a lonesome view it's true
But I've been searching out much better things to do
Shout out loud, appointments getting made
Now I'm seeing all the detail in the display

May not be coming back so you won't have to wait at all
And I'll do the same
What you could notice
You won't have to wait for today

May not be coming back so you won't have to wait at all
And I'll do the same
