

(I'm The One) Big Big Fun

White Denim

Been around like a thousand times
Still haven't found someone who can do it like you do
(You're not the same)
You're the one that I want
You're the one right now
You're the only one I want with me girl
(You're not the same)
Me and you can pretend
We could pretend the whole world's gonna end right now
(Go run away)
I don't wanna be alone
All by myself
Feeling oh so lonely needing you girl
(You're not the same)

Diddy wah diddy ah doo run run
I'm the one I'm the one I'm the one that they call big fun

Carolina Alabama Tennessee
Oh you're never gonna find someone to do it
Quite like me girl
That's why they call me big big fun

I don't wanna get lost
So I won't get lost
Unless I'm gonna get lost with you girl
(You're not the same)
Can you tell by the look in my eyes
That I'm a serious guy
And I'm about to get real with you girl
(Don't run away)
I dropped out of school
Now I'm writing the rules
Now they can't stop me from getting loose with you girl
(Don't run away)

Diddy wah diddy ah doo run run
I'm the one I'm the one I'm the one that they call big fun

Carolina Alabama Tennessee
Oh you're never gonna find someone to do it
Quite like me girl
They call me big big fun
