Love Lockdown

I'm not love in you, way I wanted to. What I had to do, had to run from you I'm in love with you, but the vibe is wrong And that haunted me, all the way home So ya never know, never, never know Never know enough, till it's over love Till we lose control, system overload Screamin no, no, no, no, no I'm not lovin you, way I wanted to See I want to move, can't escape from you So I keep it low, keep a secret code So everybody else don't have to know

Now keep ya love, locked down, ya love locked down Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now you keep ya love locked down, you lose

So I keep in mind, when I'm on my own Somewhere far from home, In the danger zone How many times did I take fo' it finally got through you lose, you lose I'm not lovin you, way I wanted to See I had to go, see I had to move No more wastin' time, you can't wait for life We're just racin' time, where's the finish line

Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now you keep ya love locked down, you lose

I'm not lovin you, way I wanted to I met no one new, I got no one new I know I said I'm through, but got love for you But I'm not lovin you, way I wanted to Gotta keep it goin, keep the lovin gone Keep it on a roll, only god knows If I be with you, baby I'm confused You choose, you choose

Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now you keep ya love locked down, you lose

Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now keep ya love locked down, ya love locked down Now you keep ya love locked down, you lose
