

# All Join Our Hands

White Lion

Children crying from the heat  
Don't they know they belong  
People fighting can't compete  
Don't they know that they're wrong  
Time is standing  
Still all around  
Yes time takes us on a trip  
Round'n'round our minds  
Pictures of a dream  
All it does is cloud all the lies

So let's all join our hands  
Raise them together  
We can fight for the lives that are real  
Yeah lets all join hands  
Raise them together  
It's a fight for the right that we feel

Nations plan hearts are weak  
Don't they know that we belong  
Years of growing reach the peak  
Don't they know that they're wrong  
Life surrounds us  
In many different ways  
All we see  
Are switches there to take it all away  
Pieces of a dream  
All it does is cloud all the lies

So let's all join our hands  
Raise them together  
We can fight for the lives that are real  
Yeah lets all join hands  
Raise them together  
It's a fight for the right that we feel

Is this the way  
We treat one another  
Days filled with hope  
Lives filled with fear  
Why must we live  
At war with our brothers  
When we could live  
Our future at last

So let's all join our hands  
Raise them together  
We can fight for the lives that are real  
Yeah lets all join hands  
Raise them together  
It's a fight for the right that we feel
