Fight to Survive

White Lion

And it all began the day that he was born The boy looks up the sky's blue the sun so warm At time spent that's numbered, the young ones on the loose

And the clock keeps turning, the times are spent in fast Cooling off his burning fire, through his soul He brings out hope, fight for survival

You fought the frantic and is easy falling down He feels the emptiness That pulls him towards the ground

Oh, bring out your shield Raise high your sword Fight to survive

Run, plea for your life Look toward the sun Fight to survive

As you walk along the shore your thoughts run by The questions are you your empty thought thoughts deep inside And you feel like thunder since you are on the loose

As the times keep going lives fly by fast Then you feel you're growing tired You say,?No?, look toward the sun, fight for survival

You fought the frantic and is easy falling down He feels the emptiness That pulls him towards the ground

Bring out your shield Raise high your sword Fight to survive

Run, plea for your life Look toward the sun Fight to survive

You fought the frantic and is easy falling down He feels the emptiness That pulls him towards the ground

Bring out your shield Raise high your sword Fight to survive

Run, plea for your life Look toward the sun Fight to survive

Oh, bring out your shield Raise high your sword Fight to survive

Run, plea for your life

Look toward the sun Fight to survive Fight, fight Fight, fight

Fight, fight Fight, fight Fight, fight Fight, fight
