And I want to run with you We'll go so very far they'll never hear our copulating

Oh, it's impressive No

Bow out with me
Ride south with me
Now
Bow out with me
Ride south with me
Now

I'm all about you
You're all about me too

And I pray that you stay up When I start all my obvious insinuating

Oh, is that impressive? No

Bow out with me
Ride south with me
Now
Bow out with me
Ride south with me
Now

I'm all about you
You're all about me too

This is all I want So desolate So desolate
