

Her mouth bleeds  
Are you sorry?  
Was she worth it?  
Was her skin made out of gold?

Too late, they wait, for bait  
You'll see  
Too late, they wait, for bait  
You'll see

All of you  
All of you

Stole her money from the kitchen  
In a pack of four they broke down the door  
She won't write it out

Too late, they wait, for bait  
You'll see  
Too late, they wait, for bait  
You'll see

All of you  
All of you
