

## Dinner Party

White Rabbits

Somebody right above me gets up from her chair  
The ceiling shakes when he makes his way down the stairs  
The lights go out, put a finger to your mouth  
There is nothing we can get away within this house

Would be so hard  
Would break your heart  
Would waste of time  
I know it's a diamond mine  
All our friends are doing fine

And there's a dinner party right across the hall  
And I hear neighbors laughing through the kitchen wall  
And I hear the sound of a plate crash to the ground  
When I turn the table on its side it'll shake the house

Would be so hard  
Would break your heart  
Would waste your time  
I know it's a diamond mine  
All our friends are doing fine

So I won't ask again

Somebody might bemoan me, screaming in these rooms  
You keep your mouth shut if you know what is good for you  
The lights go out, I can hear bad things around  
There is nothing we can get away within this house

Would be so hard  
Will break your heart  
Will waste your time  
I know it's a diamond mine  
All our friends are doing fine

So I won't ask again
