

Hold It To The Fire

White Rabbits

Calling me the [?]
Old days should find
Then we're all in, it's all coming back to me
Hide my smile, hide my smile

We're holding it through the fire
We're holding it through the fire
Now we're on the fire

So [?] only be the round my [?]
It's only real [?] to find
Then we're all in, it's all coming back to me
We're holding it through the fire
We're holding it through the fire
Now we're on the fire
Holding it through the fire now
We're holding it through the fire
We're holding it through the fire
Now we're on the fire
