

He spent sometimes at the SPX's jail  
they used to call him the killin'spree  
he was guilty for doing crack  
taking guns and shooting everywhere  
I've met this man at the station train  
he came to me saying let's have a chat  
the night before i was feeling bad  
he told me it's all downright unfair

[chorus]

Embittered eyes of fire  
Embittered he's walking to me  
Embittered eyes of fire  
Embittered take me higher

In my desire not to miss anything  
I am going to miss everything  
I didn't think about the consequences  
I only knew that I was out there  
We laught we joked and  
we stayed with friends  
they shared some drugs  
and I was out there  
in his eyes there's a sparklin'light  
he came out of prison embittered

[chorus]

Embittered ...

I was wondering if I'll be back  
he told me come on let's havin' fun  
I didn't mean to accept this command  
breathless run toward someone else

[chorus]

Embittered ...
