Oh please ODIN tell us the secret Why the Vikings were The conquerors of the North The winners of all wars At the nightfall Hugin and Munin Whisper in your ears All the secrets of the world All they've seen and heard Tell us about THOR God of Thunder TYR God of the War Goddess HELA was the Death The unlighted world she ruled Can you see my secret illusion To break the social links ? I wanna see this heavy chains Dropped from my hands

[chorus]

Can't you see my misery
Will I stay behind or ahead
Should I live my life in compromise
Will I stay behind or ahead

Oh please ODIN tell us the secret Why the Vikings were
True defenders of the faith
In fightin' times they lived
Tell us about the God of Darkness
BALDUR God of Light
LOKI was the Evil one
The father of the sin

[chorus]
Can't you see...
