I'm walkin' through streets that are dead Walkin' with you in my head My feet are so tired And my brain is so wired And the clouds are weepin' Did I hear someone tell a lie Did I hear some long distant cry I spoke like a child You distoryed me with a smile While I was sleepin' Well I'm sick of love But I'm in the thick of it I'm sick of love Well I'm lovesick I see I see lovers in the meadow I see I see silhouettes in the window I watched till they're gone But they keep me hangin' on To their shadow Well I'm sick of love I wish I never met you This kind of love Oh, I'm trying to forget you Just don't know what to do I'd give anything to Be with you
