

# Blood On The Pyramids

White Wizzard

Now comes an age when men will seek the stars  
From andromeda to fire red sands of mars  
Pyramid eye seeks realms beyond the sun  
Searching to find a God-a chosen one

Stars possess the minds of men  
Seeking answers in the sky  
Conflicted in his alien blood  
The beast inside shall rise

Thirst for greed and power now mans fate  
as the seeds are sewn by fear and hate  
Men forever cursed in lust for Gold  
The serpents rise - the power takes it's hold
