

Been down yeah! Well I look down and my mind blows  
away - Deep in the darkness "illuminate" Beyond a  
million miles - Something slid up to my head Circling  
around my eye - eye - eyes And I said, "Smooth operator"  
sez: Get up - get up - and outta here, Smooth operator  
sez: Yeah! Lights - band the traffic thunder two blocks  
west of the rest - Tore away the bottom and saw life is a  
test - Beyond 1,000,000 miles - Well I ricocheted through  
my head - One hand kill the other's cra-a-crazy -  
What she said - Smooth operator sez: Get up! get up! and  
outta here, Smooth operator sez: Yeah!!! Sail into night-  
ghost ship a tripping - Struck by the plunge something to  
see - yeah - Bootleg the girl - she is a looka - Pure is the  
fear that breaks away - Straight to the sun I am a  
walk'n state of the art - all that I see (Yeah) New gods  
move whipp'n the shore and dash  
on the reef - surf city... I walk  
alone and stare, man, right in the  
sun - Tear-jerk asylum and cemetery  
run - Well, how'd I ever get this far  
man? Smooth curves switchback the  
sweat - Underneath the body, baby -  
where what you see is what you -  
see and what you get
