

# Decennium

Whitechapel

Brothers rejoice  
I propose a toast for this decennium  
Followers celebrate for this is our time  
No turning back now  
I share the tears of thousands like me  
Don't be afraid, for my hand can be reached  
My friend, I know it's hard to stay on your feet  
But you're a part of a brotherhood  
That never admits defeat

We've lost a lot of things along the way  
And I know that it's hard to stay  
Just hold on, it won't be long  
Until this pain is gone  
If you bleed just know I bleed too  
I'll never be hiding you from the truth  
Just hold on, for we are strong  
This is where we belong

There's a way out  
Don't hold onto doubt or hopelessness  
I've been down that road before  
Time won't come back for you  
Look straight ahead  
There's so much more, this isn't the end  
I share the fears of thousands like me  
Don't be ashamed for I'm here to teach you  
My friend, I know it's hard to stay on your feet  
But you're a part of a brotherhood  
That never admits defeat

Don't quit on me now  
This has to be what we were created for  
To walk side by side as one

You're safe now my friend  
No one can hear you but me  
Tell me anything you need  
We're the brotherhood of the blade

Come together  
We've spent our whole lives separated  
And now it's time  
To be as one and pave the way  
We're the brotherhood of the blade
