

# I Shout

Whitecross

Got a smile in my heart.  
This joy he gives to me, The world can't take away.  
From the moment I start, I'm givin' God glory.  
All the things he's done for me, he sets my soul free.

When I look around and I see  
All he's given me, it makes me sing.  
And I shout!  
Ooh, it makes me shout!  
About the love I've found,  
You turn me around,  
Set my feet on solid ground.  
And I shout!  
Ooh, you make me shout!  
You stay the same, you never change,  
And that's worth shoutin' about!

This joy I have, my Lord will give to you.  
You can have it if you really want to.  
Open up your heart and you will find,  
He'll be there for you, and you'll be shoutin' too!

Do you love the Lord?  
Do you know you've been forgiven?  
Have you felt his love?  
When you walk with him, you start living!  
And you can shout,  
He'll make you shout!

Let me tell you something,  
This love I've found, it is so great.  
I call on him, and he hears my voice.  
And when trouble comes my way,  
He says, "Be still and know that I am God."  
I wait patiently for him, and he lifts me out of the pit.  
He sets my feet on a rock and I am safe.  
He's faithful, and the earth is full of his amazing love.  
That faithful love surrounds me and he never leaves me.
