

# If He Goes Before Me

Whitecross

1)

I know your eyes see me as being weak  
And without any strength or wisdom to call my own  
I know the odds they don't favor me  
But my friend have you forgotten I'm not alone

The Father's here with me  
Already fighting the battles I can't see

R

If He goes before me  
How could I ever lose  
If He goes before me  
Before I ever begin  
I know I'll win  
If he goes before me

2)

Remember David, so young and frail  
Not afraid of fighting battles with simple things  
He stood against the great warrior  
That fell and gave to victory her sweetest ring

These pages are true  
And I believe what David already knew

R

If He goes before me  
How could I ever lose  
If He goes before me  
Before I ever begin  
I know I'll win  
If he goes before me

R

If He goes before me  
How could I ever lose  
If He goes before me  
Before I ever begin  
I know I'll win  
If he goes before me

R

If He goes before me  
How could I ever lose  
If He goes before me  
Before I ever begin  
I know I'll win  
If he goes before me
