

# It's My Life

Whitecross

I hate this feeling, I just don't know  
The cards you're dealing fell on the floor  
What's this you gave me? I can't believe  
With the shuffle of life I'm torn

It's all right this too will pass  
I'm as sharp as broken glass  
No need to worry, no need to fear  
I wanna make just one thing clear

Feelings are like the wind  
They come and they go  
Ooh, don't you know?

It's my life and I'll do what I want  
It's my life go on and leave me alone  
It's my life and I know what I need  
Ya hear me devil? I said it's my life

And now this morning, you come along  
And you're singing the same old song  
I will not worry I will not fear  
I'm gonna make this ooh so clear

Feelings are like the wind  
They come and they go  
Ooh, don't you know?

It's my life and I'll do what I want  
It's my life go on and leave me alone  
It's my life and I know what I need  
Ya hear me devil? I said it's my life

You better listen up close  
I will not follow you  
I'm gonna stand with Christ  
Don't wanna end up with you

Feelings are like the wind  
They come and they go  
Ooh, don't you know?

It's my life and I'll do what I want  
It's my life go on and leave me alone  
It's my life and I know what I need  
Ya hear me devil? I said it's my life
