

Straight Thru the Heart

Whitecross

Sometimes you're up, sometimes you're down.
Sometimes you feel like your world is spinnin'
Round and round.
Just one thing that you're looking for.
Hungry for some love,
Tired of playin' the killin' floor,
The answer lies above.

Want someone to hold you, touch you inside.
Love that never turns away, doesn't run and hide.

Straight through the heart,
Like an arrow shot from heaven.
God's love doesn't miss.
Straight through the heart,
It'll hit you where you live.

Sometimes you're hot, feel like wild fire.
And your heart is walkin' on a high wire.
Feel it crash and burn.
Hang your head in misery.
I'll tell you waht I've learned.

Need someone to hold you, touch you inside.
God's love never turns away,
Doesn't run and hide.

Now I know that you've been burned before.
You feel that love is unkind,
But now's the time to give Him a chance.
An arrow of love is what you'll find.
