

Walk With Me

Whitecross

Julie my child
Why do you run?
Why have you turned away from me?
You say it's hard
To live perfectly
And all you can see
Is how you fail me constantly
You fail me constantly
You fail me constantly

My blood has cleaned you
Your sins are remembered no more
So come on, and walk with me

Julie my child
I've set you free
For I want you to be with me eternally
I love you so
I want you to know
That I'm the one who's calling you home
Calling you home
Calling you home

My blood has cleaned you
Your sins are remembered no more
So come on, and walk with me
My blood has cleaned you
Your sins are remembered no more
So come on, and walk with me
