

You're My Lord

Whitecross

Sometimes I feel alone
I wonder where You are
Sometimes I forget
That I am safe within Your arms
Then I realize that You won't leave
You're there for me, I just got to believe
You're my Lord
I love You so
You're my Lord
I want the world to know
I'll never be ashamed
After all You've done for me
Peer pressure has no power
Your love has set me free
I'll just stand my ground
I know that's right
It's what Your power I fight this fight
All my friends, they my walk out
That's okay, I know what life's about
Yeah all my friends, well they may walk out
But that's okay 'cuz I know what life's about
