

Feels So Good

Whitney Houston

VERSE 1

You are the first, you'll be the last
To hold me
And from the time we met I knew you would be
Cause when I'm with you
My heart just beats so fast, so slowly
I can't control myself because only you

Can fulfill my every need
Only you can save me
And with you my heart is running free, babe
Listen to me

CHORUS

Ooh...when you love me
Feels so right, when you hug me
Ooh...when you love me
Feels so good
Ooh...when you love me
Feels so right, when you hug me
Ooh...when you love me
Feels so good

VERSE 2

I've never been in love before
Until now
And anything you know
Won't you show me how
Because I want and need your love, so dearly
And it's my strongest prayer to make you see that

Can fulfill my every need
Only you can save me
And with you my heart is running free, babe
Listen to me

CHORUS (repeat till end)
