## **Feels So Good**

## Whitney Houston

VERSE 1 You are the first, you'll be the last To hold me And from the time we met I knew you would be Cause when I'm with you My heart just beats so fast, so slowly I can't control myself because only you

Can fulfill my every need Only you can save me And with you my heart is running free, babe Listen to me

CHORUS

Ooh...when you love me Feels so right, when you hug me Ooh...when you love me Feels so good Ooh...when you love me Feels so right, when you hug me Ooh...when you love me Feels so good

VERSE 2

I've never been in love before Until now And anything you know Won't you show me how Because I want and need your love, so dearly And it's my strongest prayer to make you see that

Can fulfill my every need Only you can save me And with you my heart is running free, babe Listen to me

CHORUS (repeat till end)
