

# Whatchulookinat

Whitney Houston

It's time for you to strike back  
They're lookin' at you  
Whitney Houston  
They're watching your every move

They're watching you

Why you lookin' at me  
Don't get mad at me  
'Cause I'm still gonna be me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
I feel your eyes on me  
You been telling lies on me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)

See I don't understand  
Why you keep peepin' me  
When you don't even like me  
You're after me and my man  
Don't think you're stressing me  
'Cause your lies don't excite me, no, no

(Never thought)  
Never thought, never thought  
(Never knew)  
Never knew that you would do this to me  
Do this to me  
(Try to ruin me) Ruin me  
(Be my enemy) Be my enemy  
(Never thought)  
Never thought, never thought, never thought  
(That you) That you  
Would act as if you're cool with me  
So why you lookin' at me

Why you lookin' at me  
(Don't get mad at me)  
Don't get mad  
( 'Cause I'm still gonna be) Gonna be me  
(Tell me, tell me, tell me)  
(Whatchu lookin' at)  
Me, me, me  
(Tell me, tell me, tell me)  
(Whatchu lookin' at)  
Tell me whatchu lookin' at  
(I feel your eyes on me)  
Feel your eyes  
(You been telling lies on me)  
Telling lies  
(Tell me, tell me, tell me)  
Tell me

(Whatchu lookin' at)  
(Tell me, tell me, tell me)  
Whatchu lookin' at

Oh, you know you're wrong  
If you won't respect my song  
But it's okay 'cause either way  
My following is real strong  
You try so hard to show the whole world what I do  
Now I'm turning the cameras back on you  
Same spotlight that once gave me fame  
Trying to dirty up Whitney's name

(Never thought)  
Never thought, never thought, never thought  
(Never knew)  
Never knew that you would do this to me  
Do this to me  
(Try to ruin me) Try to ruin me  
(Be my enemy) Be my enemy  
(Never thought)  
Never thought, never thought, never thought  
(That you) That you  
Would act as if you're cool with me  
Why you lookin' at me

Why you lookin' at me  
Don't get mad at me  
'Cause I'm still gonna be me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
I feel your eyes on me  
You been telling lies on me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)

Why you lookin' at me  
Don't get mad at me  
'Cause I'm still gonna be me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
I feel your eyes on me  
You been telling lies on me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)

Messing with my reputation  
Ain't even got no education  
Trying to mess with my concentration  
Don't even have a clue of what I'm facing  
All you know you need to stop it  
Defaming my name for a profit  
God is the reason my soul is free  
And I don't need you looking at me

Why you lookin' at me  
Don't get mad at me

'Cause I'm still gonna be me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
I feel your eyes on me  
You been telling lies on me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)

Why you lookin' at me  
Don't get mad at me  
'Cause I'm still gonna be me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
I feel your eyes on me  
You been telling lies on me  
(Tell me, tell me, tell me)  
Whatchu lookin' at  
(Tell me, tell me, tell me)

Look atcha self
