

My Old Self

Wide Mouth Mason

When I walk outside in the middle of the rain
When I watch the sun come out again
When I feel sunlight wash over my face
Woman it feels like you
And everything else is crazy
I'm up in the kitchen singin, Mama's out in the backyard
Daddy's downstairs diggin' a grave
I'm up to my neck Oh Lord, Mama's working too hard
Daddy isn't getting paid
When I walk outside of my window pane
When I watch the moon rise over my place
When I feel night blood running through my veins
