

# Big Woolly Mammoth

## Widespread Panic

Like a Big Woolly Mammoth  
You gotta wear that coat  
Like his big brother Joseph  
Yeah, walkin' in the desert sand  
Like a doughboy in the trenches  
You gotta lay down low  
Like a Big Woolly Mammoth  
You gotta wear that coat

You ain't got time to worry 'bout mass extinction  
Just try and get along with the human beings  
Big Woolly Mammoth gonna wear that coat  
In the middle of the summertime

You got a woman in the city  
She got a brand new coat  
Sometimes I feel like an evolutionary reject  
Yeah, livin' in a high-tech world  
Like a cool armadillo  
You gotta lay down low  
Like the Big Woolly Mammoth  
You gotta wear that coat

You ain't got time to worry 'bout mass extinction  
Just try and get along with the human beings  
Big Woolly Mammoth gonna wear that coat  
In the middle of the summertime

Another ice age is comin'  
You better wear your coat  
Somebody throw me a fire  
So we can burn this city down  
Like a doughboy in the trenches  
You gotta lay down low  
Like the Big Woolly Mammoth  
You gotta wear that coat

Everybody needs some weapons of mass destruction  
Gonna kill you with a virus or a dose of radiation  
Like a Big Woolly Mammoth gonna wear that coat  
In the middle of the summertime
