

## Evil

## Widowmaker

Long way from home  
Can't sleep at all  
Rang your telephone  
Something ain't right  
Evil's going on  
Well I'm just warning you brother  
You better watch your happy home.

Long way from home  
Can't sleep at all  
Feels like a mule's kicking  
In your stall  
And that's evil  
Evil is in your heart  
Well I'm just warning you brother  
You better watch your happy home  
Watch your happy home.

Long way from home  
Can't sleep at night  
Feels like another mules kicking  
Something just ain't right  
And that's evil  
Evil is going on  
Well I'm a warning you brother  
Watch your happy home.
