

Long Gone

Widowmaker

Now's the time
See the writing on the wall
Life's a crime
Watch the axes as they fall.

Tear the page
Let them know you've been around
Kick the cage
Turn it upside down.

It's gonna be long gone
Gonna be long gone away
Gonna be long gone
Gonna be long gone away.

Walk your walk
Choose a path walked by the few
Save the talk
Show your point of view.

It's gonna be long gone
Gonna be long gone away
Gonna be long gone
Gonna be long gone away
Nothing you can do
Nothing anybody else can say
Gonna be long gone
Gonna be long gone away.

Feet of clay
Never made a man stand tall
Seize the day
Be the writing on the wall.
