

# You're A Heartbreaker

Widowmaker

You better go  
Hear what I say  
Girl your endless lies bring too much pain  
You better run  
Cause I'm no fool  
Your wicked ways break all loves rules  
Oh, why, why, why  
Did you say good-bye?  
You won't see me cry, cry, cry  
I'm not your prey  
Oh don't you play.

You're a lover  
You're a pleaser  
You're a liar, you're a teaser  
You're the scourge of love  
By god above  
You're a heartbreaker.

So, make your move  
Don't hesitate  
Girl your innocence is second rate  
I've had enough  
I'm on to you  
I don't hear your lies, they're just old news  
Oh why, why, why  
Did you even try, try, try  
You won't see me cry, cry, cry  
So go away  
Just go away.

Your love's so fine  
It preys on pain, plays with my mind  
I'm gonna run and hide  
Before you get inside  
You're nothing new  
I know the score  
Girl, your sorry kinds been round before  
You're more than mean  
You're insincere  
Girl you take the prize  
Bitch of the year  
Why, why, why  
Did you have to lie, lie, lie  
I ain't gonna cry, cry, cry  
There's nothing to say  
Get our of my way.
