

Do Ya Wanna Taste It

Wig Wam

Do ya really wanna
Do ya really wanna taste it!

Get it on, get it on top
Make a move extreme
Make a pose
Shortcut to your dreams
A float straight to the stars
On that flying thing...

Getting high, getting brave
Getting snowblind
Game set, go!
Pick a tune, chick harpoon
In a world beyond

Get a beat
Got a heat
On a phony string
Tear your world apart,
Once the magic starts

Do ya really wanna
Do ya really wanna taste it
What's going up must come down
Do ya really wanna
Do ya really wanna taste it
Baby I'm losing ground

Blind to what you'll soon become
The mirrow lies
The hole world's wrong
But you
Dancing with blinkers on,
Throw your dog the invisible bone

Say I do, say I will
And put your jet in gear
Anything to get you out of here
Gotta go hit that ride
To the setting sun

Pack it up, get ahead
Gotta leave this mess
Behind
Gotta cruise form the blues
Got a life to find

What you need's
There to read
On the dotted line
Kill yor selfcontrol
Welcome to the show

Do ya really wanna
Do ya really wanna taste it
What's going up must come down

Do ya really wanna
Do ya really wanna taste it
Baby I'm losing ground

Blind to what you'll soon become
The mirrow lies
The hole world's wrong
But you
Dancing with blinkers on,
Throw your dog the invisible bone

Voices to your mind
Double in the sky's

Do ya really wanna
Do ya really wanna taste it
What's going up must come down
Do ya really wanna
Do ya really wanna taste it
Baby I'm losing ground

Blind to what you'll soon become
The mirrow lies
The hole world's wrong
But you
Dancing with blinkers on,
Throw your dog the invisible bone

Do ya really wanna
Do ya really wanna taste it
What's going up must come down
Do ya really wanna
Do ya really wanna taste it
Baby I'm losing ground

Blind to what you'll soon become
The mirrow lies
The hole world's wrong
But you
Dancing with blinkers on,
Throw your dog the invisible bone
