

# I Must Be High

Wilco

You always wanted more time,  
To do what you always wanted to do  
Now you got it

And I, I must be high,  
To say goodbye  
Bye bye bye

You never said you needed this  
And you're pissed that you missed the very last kiss,  
From my lips

And I, I must be high,  
To say goodbye  
Bye bye bye

And you never looked in my eyes,  
Long enough to find any piece of mind  
But now you got it

And I, I must be high,  
To let you say goodbye  
Bye bye bye
