

## Red-Eyed and Blue

Wilco

We've got solid state technology  
Tapes on the floor  
Some songs we can't afford to play  
When we came here today  
All I wanted to say was how much I miss you  
Alcohol and cotton balls  
And some drugs we can't afford on the way  
When we came here today  
We all felt something true  
Now I'm red-eyed and blue
