

# All The King's Men

## Wild Beasts

Whooooa oooh whoooa ooh ohh

Watch me, watch me  
The belle of the ball  
My heart, my hand and everything I own  
We are the boys with new shiny shoes  
We've seen them all and we've chosen you

Now no one will find your limit  
Girls from Roedean  
Girls from Shipley  
Girls from Hounslow  
Girls from Whitby  
You're a candied queen  
And let me show my darling what that means

Watch me, watch me  
Whooooaa oooh oh

Whooooa oooh whoooa ooh ohh

Hatch me, hatch me  
A girl before  
Bouncing round behind the bedroom doors  
And we are the boys  
Who'll drape you in jewels  
Cut off your hair, and throw out your shoes

Cause baby, you won't need them  
Where you'll be girls astride me  
Girls beneath me  
Girls before me  
Girls between me  
You're birthing machines  
And let me show my darling what that means

Hatch me! Hatch me!

Whooooa oooh whoooa ooh ohh

And baby, cause I'm evil  
In all my dreams, girls who'll clothe me  
Girls who'll feed me  
Girls who want me  
Girls who need me  
All you pretty things waiting for somebody  
Number my babies and my broken body
