

All The King's Men

Wild Beasts

Whooooa ooh whoooa ooh ohh

Watch me, watch me
The belle of the ball
My heart, my hand and everything I own
We are the boys with new shiny shoes
We've seen them all and we've chosen you

Now no one will find your limit
Girls from Roedean
Girls from Shipley
Girls from Hounslow
Girls from Whitby
You're a candied queen
And let me show my darling what that means

Watch me, watch me
Whooaaaa ooooh oh

Whooooa ooh whoooa ooh ohh

Hatch me, hatch me
A girl before
Bouncing round behind the bedroom doors
And we are the boys
Who'll drape you in jewels
Cut off your hair, and throw out your shoes

Cause baby, you won't need them
Where you'll be girls astride me
Girls beneath me
Girls before me
Girls between me
You're birthing machines
And let me show my darling what that means

Hatch me! Hatch me!

Whooooa ooh whoooa ooh ohh

And baby, cause I'm evil
In all my dreams, girls who'll clothe me
Girls who'll feed me
Girls who want me
Girls who need me
All you pretty things waiting for somebody
Number my babies and my broken body
