

## Dreamliner

Wild Beasts

Feral womb I am bore  
Him again, he who ran at every door  
Begin again, begin again

Feral womb I am bore  
Him again, you can't keep up anymore  
Begin again, begin again

You can't come with me dreamliner  
What I'm dreaming of you'll never know  
When I'm in dream I'm always there alone  
You can't come with me dreamliner  
You can't come with me dreamliner

Keep a peace or fight the most gorgeous of wars  
I know you got a pretty face but by God you are beautiful  
Begin again

Keep a peace or live the most wonderful lie  
I know you got your pretty face but never was someone so kind  
So be kind to me now  
Lock no lock, vow no vow  
Unchained

Begin again  
Begin again

You can't come with me dreamliner  
What I'm dreaming of you'll never know  
When I'm in dream I'm always there alone  
You can't come with me dreamliner  
Can't come with me dreamliner

Can't come with me dreamliner  
Can't come with me dreamliner  
Can't come with me dreamliner  
Can't come with me dreamliner
