

Dreamliner

Wild Beasts

Feral womb I am bore
Him again, he who ran at every door
Begin again, begin again

Feral womb I am bore
Him again, you can't keep up anymore
Begin again, begin again

You can't come with me dreamliner
What I'm dreaming of you'll never know
When I'm in dream I'm always there alone
You can't come with me dreamliner
You can't come with me dreamliner

Keep a peace or fight the most gorgeous of wars
I know you got a pretty face but by God you are beautiful
Begin again

Keep a peace or live the most wonderful lie
I know you got your pretty face but never was someone so kind
So be kind to me now
Lock no lock, vow no vow
Unchained

Begin again
Begin again

You can't come with me dreamliner
What I'm dreaming of you'll never know
When I'm in dream I'm always there alone
You can't come with me dreamliner
Can't come with me dreamliner

Can't come with me dreamliner
Can't come with me dreamliner
Can't come with me dreamliner
Can't come with me dreamliner
