

Eat Your Heart Out Adonis

Wild Beasts

You need some sugar, you're white as a sheet
Your heart I'd eat
Don't go all shy on me, don't be discreet
Your heart I'd eat
You've had your fill, girl, but I'm still hungry
Your heart I'd eat
I like it messy, don't you make it neat
Your heart I'd eat

Eat your heart out, Adonis
Your heart I'd eat

Carnivores just want the dark meat
Won't get off until they taste it
Won't speak truth about the forfeit
Won't get off until I know it
What did we forge in the white heat?
Won't get off until I own it
Carnivores just want the dark meat
Won't get off until they taste it

Can you taste it, Adonis?
Your heart I'd eat
Yeah

Eat your heart out, Adonis
Eat your heart out, Adonis

I like it messy, don't you make it neat
Your heart I'd eat
Eat, eat
Carnivores just want the dark meat
Won't get off until they taste it
Won't speak truth about the forfeit
Won't get off until I know it
What did we forge in the white heat?
Won't get off until I own it
Carnivores just want the dark meat
Won't get off until they taste it

Eat your heart out, Adonis
Eat your heart out, Adonis
Eat your heart out, Adonis
Eat your heart out, Adonis

Eat your heart out, Adonis
Your heart I'd eat

Eat your heart out, Adonis
Eat your heart out, Adonis
Eat your heart out, Adonis
Eat your heart out, Adonis
