

Get My Bang

Wild Beasts

Turn back, remember that we had a pact
Was never broken
Let the players play
Its the boy's birthday
If they're hungry then just let them eat cake

That's how I get my bang
(We're going darker ages)
That's how I get my bang
(I wanna feel outrageous)
That's how I get my bang
(I feel it, the real id)
That's how I get my bang

Turn back
All that we love still intact, mhm
No getting it right no getting wrong
Just getting it on

That's how I get my bang
(We're making mega fauna)
That's how I get my bang
(And I can tell you wanna)
That's how I get my bang
(I feel it, the real id)
That's how I get my bang

That's how my bang get me
(We're living alter ego)
That's how my bang get me
(Which me do you wanna know?)
That's how my get me
(I feel it the real id)
That's how my bang get

Me dangerous baby weaponised
Got me blubbing just like a jealous child
Want something so badly it elude you every time
Why would you hold it back?
Why would you hold it back from me? Yeah
If not now then when?
If not you then who?
If not here then where?
If not the truth then the dare
Why would you hold it back?
Why would you hold it back from me?
Yeah

That's how I get my bang
That's how I get my bang
That's how I get my bang
That's how I get my bang

That's how I get my bang
(We're living alter ego)
That's how I get my bang
(Which me do you wanna know?)

That's how I get my bang
(I feel it the real id)
That's how I get my bang, bang, bang, bang
