

Coyotes

Wild Belle

One down I'm a soldier
Two down and I'm gettin' older
24 don't seem young
When the people keep asking for so much

One down I'm a soldier
Two down and I'm gettin' older
24 don't seem young
When the people keep askin' for so much

Get me in the canyon, lover
The coyotes are crossing over

Try to take me down
I'm too wild to tame
Can't stop me now
This is mine terrain

No use in fakin'
Pirates gonna try and take it
Drop me in the sea of blood
You can take my money and run

Down on my knees I'm prayin'
Give me the flag I won't wave it
Angels lookin' over me
I'll walk the line if it gets me free

Try to take me down
I'm too wild to tame
Can't stop me now
This is mine terrain
