

Happy Home

Wild Belle

Pull me out my bed in the earliest morning
Where you been? I'm in trouble for something
Well, I don't wanna be here, that's why I'm acting out,
I wanna flee, but I don't know how

Is this a happy home?
Is this a happy home?

I ain't gonna cut my hair, even if you say,
I know it's growing long, but I like it that way

Everybody in fancy clothes,
Everybody in fancy clothes,
But nobody really close,
Everybody wear what family chose

When you take out the trash, must have taken out your heart,
I know I don't move very fast, but I'm heading for the stars,
I just don't waste away my day
Please don't tell me I'm going nowhere

Is this a happy home?
Is this a happy home?

Everybody in fancy clothes,
Everybody in fancy clothes,
But nobody really close,
Everybody wear what family chose
