

# At Night I Pray

Wild Orchid

So alone  
And this room feel so cold  
No one to care and no one to hold  
Yet the Lord knows  
That I'm needing somebody like you, just like you

Can you see  
The passion burning in my eyes  
Do you sense  
The rush you give my heart  
And if you knew  
The secret way I feel for you  
Would you come running to me or would you turn away

At night I pray (pray)  
With hope and faith (faith)  
As I lay me down to sleep  
I pray together we will be (at night I pray)  
And there will come a time (pray)  
You will be mine, all mine  
And I'll be yours, always  
But until that day comes at night I'll pray

Should I feel  
These emotions inside me  
Should I reveal what's locked up in my soul  
I'm so afraid  
But it's something that you've got to know got to know

How I want to touch you everytime you're near  
I long to feel  
Your body next to mine  
And if you knew  
The secret love I have for you  
Would you come running to me or would you turn away

If all my prayers were answered  
Our heart would be enraptured  
We would find our heaven  
Inside each other's arms

This lonely room would finally see the sun shine through  
But until that day every night I'll pray  
I'll get down on my knees, I'll get down on me knees and pray...  
Pray

With hope and faith (faith)  
As I lay me down to sleep  
I pray together we will be (at night I pray)  
And there will come a time, (pray)  
You will be mine, all mine (and I'll be yours)  
And I'll be yours always, but until that day comes at night I pray  
Until that day comes at night I pray (Oh yeah)  
And until that day comes at night I pray
