

# Be Mine

Wild Orchid

Showin' it, flowin' it, doin' it right  
Cuz you if can't connect you could be polite  
Come a come say that you'll be mine

You can send it in a bottle, or even by U.P.S., yes  
Send it in a telegram, just make sure that it gets here fast  
You can mail it in a letter, call me up on the telephone  
Have it written in the sky, can't you see that I'm dying to know, baby

Yeah, it's O.K. that you're a little shy (so shy)  
Cuz there's a thousand and one ways  
To say what you wanna say

All I want is a message (Send it to me baby)  
All I need is a sign (Ooh ooh)  
Baby, just give me a signal  
That you're gonna be mine, That you're gonna be  
Gonna be mine

Showin' it, flowin' it, doin' it right  
Cuz you if can't connect you could be polite  
Come a come say that you'll be mine  
When you gonna say that you'll be mine

Have it printed on a billboard, or e-mail me on the net  
Dedicate it on the radio, or send it by Fed Express

You know I've been waiting so patiently  
Don't go and waste precious time  
Cuz I can't read your mind

All I want is a message (Send it to me baby)  
All I need is a sign (All I need's a sign)  
Baby, just give me a signal  
That you're gonna be mine  
(that you're gonna be, hey that you're gonna be mine)

When you're with me, I barely breathe (I barely breathe)  
I just can't speak what I feel  
Say the words for me

Showin' it, flowin' it, doin' it right  
Cuz you if can't connect you could be polite  
Come a come say that you'll be mine  
When you gonna say that you'll be mine

Showin' it, flowin' it, doin' it right  
Cuz you if can't connect you could be polite  
Come a come say that you'll be mine  
When you gonna say that you'll be mine

Baby be mine please please please be mine  
Baby just give me a signal, that your gonna be mine (mine, mine)  
Send it to me baby
