

Come As You Are

Wild Orchid

Shelter my feelings, stand by my side
You need no alibi
Show your emotions, give me a sign
Let me know that you're mine

Be my lover, be my best friend
Oh baby, save me when I fade
And I will always love you
I promise I'll be true to you
If you...
Come as you are
Don't change a thing
Here is my heart
Just walk right in

Come as you are
Don't tell me lies
And I'll be yours
'Till do us part

There is a heaven
It's in your eyes
Where I have no disguise

Please don't mislead me
Rescue my pride
Show me you're really mine

I want you for me, no questions asked
Don't need to know 'bout your past
'Cause I will always love you
I promise I'll be true, to you
If you...
Come as you are
Don't change a thing
Here is my heart
Just walk right in

Come as you are
Don't tell me lies
And I'll be yours
'Till do us part
