Take You Higher

Wild Orchid

Hello goodbye - do you wanna ride You don't need to know where you're goin' Take a trip through the old and the new It's easy to see that you're jonesin'

Come fall into our journey We'll raise our hands to life you up So stay awake it's early 'Cuz there's always more tequila

[Chorus:] Let me take you higher Wanna be the birdy on our wire baby? We can take you higher Let's fly high

Cruise the ocean then down to L.A. The beautful people are waiting See and be seen it's only a dream Feel reality fadin'

Come fall into our journey We'll raise our hands to lift you up So stay awake it's early Don't you want some more tequila Let me take you higher Wanna be the birdy on our wire baby? We can take you higher Let's fly high

No thinkin' while you're drinkin' It just gets in the way All the faces and the places Yeah, they all look the same

But you're lucky like a puppy So go on, roll the dice

Think high
