

# Talk To Me

Wild Orchid

Talk to me  
Talk to me  
Talk to me tonight about love

Hey now just what are we feeling  
Is this more than attraction that we both are dealing with?  
And is it in the cards that we stay together?  
I recognize the odds against it lasting forever

There's a message that you're sending  
I can see it in your eyes  
But I don't know what you're thinking  
I can't read your heart or mind

Come with me we'll make tonight a fantasy  
If you say the word, I'll take you on a journey

Talk to me, tell me what's on your mind  
Talk to me, what are you feeling inside  
Talk to me, what are you thinking of  
Talk to me, tonight about love

Come and talk to me, my baby  
Come and talk to me

Ooh, hold me right up against you  
Cause when you groove up close to me  
I'm feeling your rhythm  
Just whisper in my ear what's going on inside you  
I just wanna hear if you're feeling like I do

Open up your heart there's nothing I want more  
Show me the light and tell me what you came here for

Don't keep it to yourself, just improvise (just improvise)  
Lose yourself, let out what you're feeling inside

[Chorus]

There's a message that you're sending  
I can see it in your eyes  
But I don't know what you're thinking  
I can't read your heart or mind  
If you wanna make tonight a fantasy  
Just say the word I'll take you on a journey

Talk to me, tell me what's on your mind  
Talk to me, what are you feeling inside  
Talk to me, what are you thinking of  
Talk to me, tonight about love

Talk to me, tell me that you want this  
Talk to me, baby just move your lips  
Talk to me, what are you thinking of  
Talk to me, tonight about love

Come and talk to me, my baby

Come and talk to me
