Talk To Me

Wild Orchid

Talk to me Talk to me Talk to me tonight about love

Hey now just what are we feeling Is this more than attraction that we both are dealing with? And is it in the cards that we stay together? I recognize the odds against it lasting forever

There's a message that you're sending I can see it in your eyes But I don't know what you're thinking I can't read your heart or mind

Come with me we'll make tonight a fantasy If you say the word, I'll take you on a journey

Talk to me, tell me what's on your mind Talk to me, what are you feeling inside Talk to me, what are you thinking of Talk to me, tonight about love

Come and talk to me, my baby Come and talk to me

Ooh, hold me right up against you Cause when you groove up close to me I'm feeling your rhythm Just whisper in my ear what's going on inside you I just wanna hear if you're feeling like I do

Open up your heart there's nothing I want more Show me the light and tell me what you came here for

Don't keep it to yourself, just improvise (just improvise) Lose yourself, let out what you're feeling inside

[Chorus]

There's a message that you're sending I can see it in your eyes But I don't know what you're thinking I can't read your heart or mind If you wanna make tonight a fantasy Just say the word I'll take you on a journey

Talk to me, tell me what's on your mind Talk to me, what are you feeling inside Talk to me, what are you thinking of Talk to me, tonight about love

Talk to me, tell me that you want this Talk to me, baby just move your lips Talk to me, what are you thinking of Talk to me, tonight about love

Come and talk to me, my baby

Come and talk to me
